

# How can we help your clients?

MCR Finance Brokers Ltd is an independent brokering service with a refreshingly innovative approach. This was launched in 2006 to assist directors of SME businesses with raising finance. We are able to access many of the leading finance companies who will lend against debtors, stock, plant and equipment and property amongst others.

As you will be aware client care is vitally important in today's economy and tensely competitive market. MCR Finance Brokers Ltd enables you to present your client with an independent specialist advisory service that links entrepreneurial businesses directly to a funding facility tailored to their commercial needs. The directors of MCR have over 50 years of experience between them in assisting businesses.

We understand that you may already have relationships with finance companies or experience of assisting clients with their funding requirements. We would however welcome the opportunity of finding the right solution for your clients at no hassle and time cost to you or your clients. ## Does your client's business need a funding solution?

Very often the problem is simply one of cashflow and the finance market can be a minefield. A proven way of dealing with a company's cashflow requirements is invoice finance or factoring, MCR will assist in finding the best factor for your client's business if they need finance to:

- fund a start up business
- increase sales
- meet cashflow pressures
- fund acquisitions/MBOs/MBIs
- expand into new markets
- refinance to a new lender
- fund a new business after insolvency

## Do your Clients have HMRC Arrears?

At MCR, we have a dedicated team who work with clients assisting them to negotiate with HMRC to put in place repayment plans for VAT/PAYE arrears. MCR Tax Arrears Solutions, with our independence and experience are better equipped to put in place more favourable and achievable plans for businesses than if directors/proprietors and/or their business advisor went directly to the HMRC themselves. The team have assisted more than 700 clients to reach an agreement for an extended settlement of these liabilities. This in turn has unlocked the potential for funding opportunities which may not previously have been possible.
